

Equation for Musical Excellence

$$\begin{array}{c} \text{Smart} \\ \text{Practice} \end{array} \times \begin{array}{c} \text{Time} \\ \text{Practicing} \end{array} = \begin{array}{c} \text{Playing} \\ \text{Ability} \end{array}$$

(Smart = practicing good exercises, pursuing music you love, using a metronome, and only playing as fast as you can play correctly)
